Sponsorship Opportunities

The 20th Annual ACR-GNY Conference will bring together professionals in the field of conflict resolution, including arbitrators, mediators, ombuds, and restorative justice practitioners whose goal is to learn more about the profession, their colleagues, and tools and services they can utilize in their practice. It presents a unique opportunity for companies and individuals to reach these professionals.

Your sponsorship allows us to support ADR practitioners of all kinds through monthly educational programming, networking opportunities, public awareness and advocacy. Your sponsorship will also support outreach to students and give scholarships to ADR practitioners who are working as volunteers, or just starting out.

There are three ways to sponsor: sponsor the entire conference, sponsor one of the four days of the conference, or sponsor a session. Each way has limited spots. Here are some details:
